

The Exclusive, the height of refinement...

Inspired by the original 1907 model, Godin have matched modern technology with traditional aesthetics in The Exclusive. Beneath its charming exterior hides the wonders of modern science: equipped with 5 gas burners of differing sizes, or 4 electric plates or ceramic hobs and an electric meat grill. The Exclusive produces top of the range performance with every detail forethought to ensure cooking is a true pleasure: simmering, grilling, roasting, warm, gratiné - all combinations are possible with this item of precision engineering.

THE EXCLUSIVE

The Exclusive	48
